

Sheriff Mike Brown, (Moose Member Lodge 1897, Bedford) and SRO Randy Smith hold a class on **Internet Safety for the Moose International's Youth Awareness Scholarship Program** designed to enable active teens to utilize their leadership qualities and share their knowledge with young people aged 4 to 9 years old.

The Sheriff and the Moose Lodge 1897 hosted the program this year and had 36 high school students from around the state in attendance.

Each participant selects a topic and develops a presentation on that topic. They are then responsible for finding opportunities to speak to groups of children in elementary schools, scouting units, Boys' and Girls' Clubs, Sunday schools, the YMCA, etc., and hold "Kids Talks" sharing the knowledge of their chosen subject. After a minimum of three 'Kids Talks" are completed by the end of February, 2012, written reports on their presentations are submitted for review to the Youth Awareness Student Council. "
